Mission Inspires Generosity

Dan and Cindy Carwile are passionate about the Mission of St. Mary’s. Dan shares, “Cindy and I support the faith-based Mission of St. Mary’s, its outreach initiatives in the community and service to the poor and vulnerable, because it really resonates with us.” Dan has been a member of St. Mary’s Health Foundation’s Board of Directors for eight years, serving as Vice Chairman the last three years. He also chaired the fundraising campaign for a new Mobile Dental Clinic. Dan’s employer, Old National Bank, encourages his involvement in the community, which Dan and Cindy credit for fueling his dedicated service to St. Mary’s.

They agree that St. Mary’s strengths run deep. For Dan, it’s the people. “I look at the Daughters of Charity and the St. Mary’s Auxiliary as people who are very devoted to our Mission. The Daughters have devoted their lives to service. It is very inspiring.” As a teacher in the EVSC, Cindy knows firsthand how important St. Mary’s outreach programs are to the poor and vulnerable in our community. “The most vulnerable children and their families receive services through St. Mary’s programs, such as the Mobile Dental Clinic, bicycle and helmet safety education and car seat safety programs,” says Cindy.

Dan adds, “St. Mary’s has a powerful ministry that extends well beyond the walls of the hospital. We’re really proud to be associated with St. Mary’s. Our community is a better place because of St. Mary’s.”

Growing to Better Serve Your Children

Growth. Expansion of services. Increasing access to care. These aren’t just buzz words. They describe the efforts that are underway for St. Mary’s Center for Children. The Center, now in its tenth year, serves thousands of pediatric patients each year and is looking to expand its services to care for even more children.

Unique to our community, the Center serves children and families from around the world for services such as our Pediatric Feeding Clinic, one of only three of its kind in the nation. Our Resource Center, Pediatric Psychology Program and Pediatric Sub-specialty Clinic help children achieve success and reach their individual milestones.

Plans are underway to expand our services. We are excited to involve you in these efforts. Your gifts will grow our Center for Children, allowing us to reach more children and families, including those who are most vulnerable.

A Thank You from Our President

Since 1872, St. Mary’s has been providing high quality and compassionate healthcare to all, with special attention to the poor and vulnerable. But, we have not taken this journey alone. It is only through trusted partnerships and your generous support that we are able to ensure that this healthcare ministry reaches every person in need.

I love this quote from author Miya Yamanouchi: “We can all make a difference in the lives of others in need, because it is the most simple of gestures that make the most significant of differences.” Each of you has made a significant difference in the lives of others in need.

In this year’s Annual Report, you will read about the significant difference you made through the construction of a new Prayer Garden, the purchase of a new Mobile Dental Clinic, enhancements to St. Mary’s Chapel, the purchase of needed hospital equipment and helping families in need.

In this new fiscal year, we will dedicate our efforts to expanding St. Mary’s Center for Children. We have many outstanding services that we provide at the Center and have been privileged to serve more than 5,200 families this past year. However, there continues to be a growing need in our community to expand pediatric neurology, pulmonology, sleep and behavioral health services. As we move forward in the growth and expansion of our Center for Children, we hope that you will again join us in making the most significant of differences in the lives of those we are privileged to serve.

Sincerely,

Keith Jewell
President, St. Mary’s Health
We would like to recognize and thank our generous donors for supporting our Mission to care for all persons who come to us in need of care, with special emphasis on those who are poor and vulnerable. Every effort is made to provide a complete and accurate list of donors, and we regretfully apologize for any errors. Please contact us if you see any discrepancies or would like to change the way your name is listed in recognition publications. Some information is a combination of Welborn Baptist Hospital and St. Mary’s Health Foundation.
Tiffany Volk has been a St. Mary’s associate for five years. She currently is employed as a unit assistant in the Newborn Intensive Care Unit (NICU). A few years ago, her husband lost his job and was out of work for several months. Their family of five was struggling to pay for basic needs, such as groceries and utility bills. The Associate Benevolence Fund, supported through the Foundation’s Annual Campaign for Excellence, helped Tiffany and her family by providing money toward their utility bills and gift cards to the grocery store. Without this assistance, their power would have been disconnected.

Tiffany shares, “By donating to the Foundation’s Annual Campaign for Excellence, you are helping your fellow workers and their families in times of need. You never plan for a financial crisis. I am so thankful to all of the donors whose gifts helped my family and me during our time of need.”

Like to change the way your name is listed for recognition purposes.

Laboratories, MissionPoint Health Partners and Touchpoint. Please contact us if you see any discrepancies or would like to change your name for recognition purposes.

St. Mary's associates are generous and loyal to their Mission and Ministry. In the past year, associates contributed more than $160,000 to the St. Mary's Health Foundation.

Please note at the bottom of the page.
After 14 years and more than 35,000 children's visits, a campaign to purchase a new St. Mary’s Mobile Dental Clinic commenced in May 2014. Your response was overwhelming. More than $854,000 was raised in less than a year for a new clinic (pictured above). The new “dentist office on wheels” will debut by the end of 2015. It will create smiles for an estimated 6,000 children’s visits annually in six counties throughout Southwestern Indiana.

Create Your Legacy of Generosity

Join our Healing Legacy Society

You can create a legacy of generosity by supporting the life and Mission of St. Mary’s through a planned gift to St. Mary’s Health Foundation. St. Mary’s Healing Legacy Society is an honorable group of people who have chosen to make a powerful difference for the future of our Mission.

Planned gifts can be made in a variety of ways, including gifts of cash, IRAs, life insurance, stocks and bonds. There is no minimum amount required for a planned gift. Some giving options will even produce a life income for you or a loved one. Please contact Rick Peltier, Director, St. Mary’s Health Foundation, at 812.485.4412 or richard.peltier@stmarys.org for more information on planned giving opportunities.

Generosity in Action:  St. Mary’s Health Auxiliary

St. Mary’s Health Auxiliary is a charitable group of women and men. Since 1988, the Auxiliary has donated more than $4,162,000 to our healthcare ministry. This is more than any other donor, individual or corporation, in our history. Auxiliary members have also contributed their time, with more than 30 individuals volunteering a total of 120,300 service hours during the past fiscal year!

Our tiniest patients deserve the best care, too. So, when our Neonatal Transport Team was not able to order replacement parts for an existing NICU transport isolette - which serves as a mobile intensive care unit for babies - because the older parts are no longer made, they requested assistance for a new isolette.

Thanks to your gifts, St. Mary’s Health Foundation was able to fund the $117,000 purchase of this life-saving equipment. In this photo, staff members are being trained to use the new Isolette.

Your Investment in our Ministry

When you make a gift to St. Mary’s Health Foundation, you expect your contribution to have an impact on our Mission. After all, you give, because you believe in our Mission.

It is our responsibility to help you make the greatest impact with your gift. This is best achieved when we, as Investment Officers, match your passion and philanthropic vision with the vision of St. Mary’s to advance our Mission.

We do not ask you for money. We ask you to make an investment in our Healing Ministry to improve the healthcare of our community.

You do not give us money. You give gifts to advance our Mission. You give us gifts to make an impact... to heal poor and vulnerable children and families... to give people hope... to create your legacy.

Throughout our Annual Report, you will meet people who are advancing our Mission. You will also meet people who are benefiting from your generosity and vision. You will read about the impact of your gifts and the opportunities to make other impactful contributions in the future.

Thank you for believing in and advancing our Mission. Thank you for investing in and Supporting our Healing Ministry!

Blessings,

Rick Peltier | Director, St. Mary’s Health Foundation
richard.peltier@stmarys.org | 812.485.4412

My wife, Carissa, and our daughter, Aubrey, at St. Mary Catholic Church after Easter Mass in downtown Evansville.

Celebrating our success...
THANKS TO YOU!

St. Mary’s Health Foundation has a lot to celebrate from this fiscal year. And, there is one huge reason for our success... you!

HERE ARE JUST A FEW HIGHLIGHTS:

• **380 new donors** – our highest total in the last 10 years! New donors contributed to our campaign for a new St. Mary’s Mobile Dental Clinic. The new clinic will be the first dental home for thousands of children who have never even been to the dentist before. Some of these kids don’t even own a toothbrush. You are changing their lives.

• New donors also made donations to the recently constructed Daughters of Charity Prayer Garden and provided much needed equipment upgrades for our Chapel. Your gifts literally surround us every day!

• More associates than ever before (1,179) donated to our associate giving campaign, the Foundation’s Annual Campaign for Excellence. Your gifts supported poor and vulnerable patients and fellow Associates facing financial challenges, such as an associate who had a stroke at just 50 years old. As a result, she will never be able to speak again. Your gifts purchased a device allowing her to communicate in real time. Your gifts will help her adjust to her new life and overcome her challenges.

• **Three new members joined our planned giving program, the prestigious Healing Legacy Society.** Their generosity will benefit countless patients at St. Mary’s in perpetuity. You can also support our Mission while you’re still alive and receive a fixed income for life through options such as a charitable gift annuity.

• Your generosity produced over **$2.1 million** in contributions. This money will be invested into our Mission to improve the health of our community by treating all those who come to us in need, with special attention on those who are poor and vulnerable.
